

Whacha Gonna Do

Chris Grey & The BlueSpand

I wake up screaming
in the middle of the night
You won't do me no harm
But you hold me so tight

I can't feel my body
my arms are numb
What's in it for me
girl you gotta give me some

Whacha donna do for me
Whacha donna do for me
Tell me baby

I buy you dinner
I give you wine
We're heading the dance floor
And everything is fine
I'm getting groovy
By the way you look
But at the end of the night
You just wanna read a book

Whacha gonna do for me
Whacha gonna do for me
